# WHO ARE WE

The U.S. Army Corps of Engineers is a worldwide organization that provides engineering services, environmental restoration, and construction support for a wide variety of civil and military projects.

# WHAT WE DO

**Major Programs within the Army Corps:**

- Civil Works
- Military
- Support for Others
- Disaster Response

---

*One Corps Serving The Army and the Nation*

---

US Army Corps  
of Engineers  
Fort Worth District

# CIVIL WORKS

Planning, design, construction, operation and maintenance of water resources project:

- Maintainance to water supply;

- Flood control and damage reduction;

- Navigation & environmental restoration;

- Hydropower; and

- Recreation and other water-related needs.

US Army Corps  
of Engineers  
Fort Worth District

# MILITARY

**Engineering, construction and environmental management services:**

- **Construct new facilities and rehabilitate older facilities;**

- **Design new facilities, rehabilitate older facilities and assist with installations' engineering problems; and**

- **Environmental resource protection.**

US Army Corps  
of Engineers  
Fort Worth District

# SUPPORT FOR OTHERS

Providing planning, engineering, construction management and environmental services to various federal agencies, such as:

- Federal Emergency Management Agency (FEMA);

- Department for Homeland Security (DHS);

- Housing and Urban Development (HUD);

- Federal Aviation Administration (FAA); and

- Environment Protection Agency (EPA).

US Army Corps  
of Engineers  
Fort Worth District

# DISASTER RESPONSE

**Provides the immediate physical needs for victims of floods, severe storms or other natural disasters that strike our nation. We are the first-responders who provide:**

- Ice;

- Drinkable water;

- Generators;

- Flood-fighting materials; and

- Remove debris and inspect damaged structures.

US Army Corps  
of Engineers  
Fort Worth District

# HOW WE BUY

**Micro Purchases** – Purchases less than \$3,000. All must be done with the government-wide credit card, with few exceptions. These purchases may include services, supplies and construction.

**Simplified Acquisition Procedures** – Purchases estimated between \$3,000 and \$100,000. Reasonable competition is required. Awards are typically in the form of a firm-fixed price purchase order. All purchases over \$25,000 will be advertised in FedBizOpps. Commercial Items can be purchased under simplified acquisition procedures up to \$5.5 million dollars.

US Army Corps  
of Engineers  
Fort Worth District

# HOW WE BUY

**Contract Procedures** – Actions greater than \$100,000. New contract requirements are advertised and procured through the use of either Request for Proposals (RFP - negotiated) or Invitations for Bids (IFB - sealed bid). RFPs allow for discussions, if necessary, and selection is based on factors such as technical capability and past performance as well as price. IFBs are solicitations where price is the primary basis for selection, provided the bidder is responsive and responsible. Awards are typically firm-fixed price stand-alone contracts or firm-fixed price indefinite delivery contracts for a base year and option periods.

**We also utilize GSA schedules, Agency BPAs and BOAs**

US Army Corps  
of Engineers

# WHY WE ARE HERE

The U.S. Army Corps of Engineers endeavors to:

- Provide procurement opportunities;
- Train and counsel businesses for success; and
- Establish a broad base of capable suppliers to support the Army's mission.
